EXHIBIT A

BILL OF TRANSFER AND ASSIGNMENT

THIS BILL OF TRANSFER AND ASSIGNMENT ("Bill of Transfer and Assignment") is executed and delivered as of this 15th day of November 2002, by and between NORTHWESTERN ENERGY, L.L.C. a Montana limited liability company ("Transferor") and NORTHWESTERN CORPORATION, a Delaware corporation ("Transferee").

W I T N E S S E T H:
- - - - -

WHEREAS, pursuant to that certain Asset and Stock Transfer Agreement dated as of November 15, 2002 by and between Transferor and Transferee (the "Transfer Agreement"), Transferor has agreed to transfer and assign to Transferee substantially all of the assets and properties of Transferor; and

WHEREAS, the parties now desire to carry out the intent and purpose of the Transfer Agreement by Transferor's execution and delivery to Transferee of this Bill of Transfer and Assignment, in addition to such other instruments as Transferee shall have otherwise received or may hereafter request in accordance with the terms hereof and the Transfer Agreement, evidencing the vesting in Transferee of the assets and properties of Transferor hereafter described;

NOW, THEREFORE, for and in consideration of the premises and the consideration provided in the Transfer Agreement, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Transferor hereby conveys, grants, bargains, sells, transfers, sets over, delivers and assigns unto Transferee, its successors and assigns forever, all of Transferor's right, title and interest in and to all the assets and properties of Transferor, of any nature and description, tangible and intangible, whether or not reflected on the books of Transferor, except for the Excluded Assets (the "Transferred Assets"). The transfer of the Transferred Assets hereunder is, to the extent applicable, expressly made subject to that certain Mortgage and Deed of Trust, dated as of October 1, 1945, from Transferor (as successor to MPC) to the Bank of New York (successor Corporate Trustee) and Douglas J. MacInnes (successor Co-trustee), as Trustees, as supplemented and amended (the "First Mortgage"), and upon such terms as fully to preserve and in no respect impair the lien or security of the First Mortgage.

TO HAVE AND TO HOLD all the Transferred Assets unto Transferee for its own use and behoof forever.

1. Capitalized terms not otherwise defined herein shall have the meaning ascribed thereto in the Transfer Agreement.

2. Notwithstanding anything herein to the contrary, Transferor is not transferring to Transferee, and the Transferred Assets shall not include, the Excluded Assets.

Exhibit A-1

3. Transferor hereby constitutes and appoints Transferee as Transferor's true and lawful attorney and attorneys, with full power of substitution, in Transferor's name and stead, by, on behalf of, and for the benefit of Transferor, to demand and receive any and all of the rights, titles, interests, assets and properties transferred hereunder and to give receipts and releases for and in respect of the same, and any part thereof, and from time to time to institute and prosecute in Transferor's name or otherwise, at the expense and for the benefit of Transferee, any and all proceedings at law, in equity or otherwise, which Transferee, may deem proper for the collection or reduction to possession of any of the Transferred Assets or for the collection and enforcement of any claim or right of any kind hereby sold, conveyed, transferred, assigned and delivered, or intended so to be, and to do all acts and things in relation to the Transferred Assets which Transferee shall deem desirable. Transferor hereby declares that the foregoing powers are coupled with an interest and are and shall be irrevocable by Transferor in any manner or for any reason whatsoever.

4. Transferor shall do, execute, acknowledge and deliver, or cause to be done, executed, acknowledged and delivered, all such further acts, deeds, assignments, transfers, assumptions, conveyances, powers of attorney, receipts, acknowledgements, acceptances, assurances and other documents as may be necessary or convenient to procure for Transferee, and its successors and assigns, for aiding and assisting in collecting and reducing to possession, or for vesting and perfecting in Transferee title to, any and all of the Transferred Assets, as Transferee shall reasonably require.

5. If there are restrictions (the "Restrictions") on the transfer of any of the Transferred Assets (other than Transferred Assets constituting insurance policies and rights to coverage under insurance policies now or at any time obtained by Transferor or any of its predecessor entities ("Insurance Coverage")), including without limitation those consisting of any required consents, approvals or other actions of or by third parties or governmental entities, which must be satisfied, removed, obtained or waived in advance of transfer and which have not been satisfied, removed, obtained or waived as of the date hereof (such property, excluding Insurance Coverage, being the "Restricted Property"), then notwithstanding any other provision in this Bill of Transfer and Assignment, no right, title or interest in the Restricted Property shall be transferred by this Bill of Transfer and Assignment and the Restricted Property shall be subject to the Master Back-to-Back Agreement between Transferor and Transferee dated as of the date hereof. When and if the Restrictions with respect to any portion of the Restricted Property are satisfied, removed, obtained, waived or no longer apply, the transfer of such portion of the Restricted Property shall automatically become effective, as of the date hereof to the extent permitted by law and any applicable contractual provisions, and without further action of either party hereto. The provisions of this Section 5 shall not apply to or limit the transfer of Insurance Coverage, the transfer of which is intended to be effective immediately.

6. This Bill of Transfer and Assignment shall be binding upon Transferor and Transferee, and their respective successors and assigns.

7. This Bill of Transfer and Assignment shall be governed by and construed and enforced in accordance with the internal laws of the State of New York, determined without reference to principles of conflicts of laws.

8. This Bill of Transfer and Assignment is delivered pursuant to and is subject to the Transfer Agreement. In the event of any conflict between the Transfer Agreement and this Bill of Transfer and Assignment, the terms of the Transfer Agreement shall prevail.

MASTER BACK-TO-BACK AGREEMENT

THIS MASTER BACK-TO-BACK AGREEMENT (this "Agreement") is made and entered into as of the 15th day of November, 2002, by and between NORTHWESTERN ENERGY, L.L.C., a Montana limited liability company ("Transferor") and NORTHWESTERN CORPORATION, a Delaware corporation ("Transferee"). Capitalized terms not otherwise defined herein shall have the respective meanings ascribed thereto in the Transfer Agreement (hereinafter defined).

W I T N E S S E T H:
- - - - -

WHEREAS, pursuant to that certain Asset and Stock Transfer Agreement dated as of November 15, 2002, by and between Transferor and Transferee (the "Transfer Agreement"), Transferor has agreed to transfer and assign the Transferred Assets to Transferee;

WHEREAS, it is a condition precedent to the consummation of the transactions contemplated by the Transfer Agreement, that the Transferor and Transferee enter into this Agreement which addresses (i) those rights and obligations under contracts, leases, agreements, understandings, property interests or other interests included in the Transferred Assets and Assumed Liabilities, the transfer or assumption of which requires the consent, approval or other action of a party or parties thereto other than Transferor or Transferee or requires the satisfaction, removal or waiver of other restrictions on transfer which consent, approval or other action has not been duly obtained or which restrictions have not been duly satisfied, removed or waived at the time of the Closing ("Pending Contract" or "Pending Contracts") and (ii) those Permits comprising the Transferred Assets that are not issued in the name of Transferee or the transfer of which requires the consent, approval or other action of or by a Governmental or Regulatory Authority which has not been duly obtained or accomplished at the time of the Closing ("Pending Permit" or "Pending Permits");

WHEREAS, the parties desire to set forth their agreements and understandings with respect to the Pending Contracts and the Pending Permits from and after the Closing;

NOW, THEREFORE, for and in consideration of the premises and the mutual covenants and agreements herein contained, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows.

1. PENDING CONTRACTS. With respect to each Pending Contract, from and after the date hereof:

1.1 Transferor and Transferee agree to take and shall be deemed to have taken such actions (including execution of documents), at Transferee's expense, as may be requested by

Exhibit C-1

Transferee or which may be appropriate, in order to place Transferee, insofar as is reasonably practicable and not prohibited by such Pending Contract, in the same position as if such Pending Contract had been transferred to Transferee as contemplated by the Transfer Agreement and so that all the benefits and burdens relating thereto, including possession, use, risk of loss, potential for gain or loss, dominion and control, shall inure to Transferee.

1.2 If such Pending Contract provides for Transferor to furnish any goods, services, property or right of possession or use of property or other performance to the counterparty under such Pending Contract (the "Counterparty"), then Transferee agrees to furnish such goods, services, property or right of possession or use of property or other performance in accordance with the terms and conditions of such Pending Contract, to Counterparty, directly in the name, place and stead of Transferor or to the extent necessary, indirectly through Transferor, in compliance with such Pending Contract.

1.3 If such Pending Contract provides for Transferor to receive any goods, services, property or right of possession or use of property or other performance from the Counterparty under such Pending Contract, then Transferor will furnish, or cause the Counterparty to furnish, such goods, services, property or right of use or possession of property or other performance to Transferee, directly in the name, place and stead of Transferor or, to the extent necessary, indirectly through Transferor, in compliance with such Pending Contract.

1.4 If such Pending Contract provides for Transferor to make any payments to the Counterparty thereunder, Transferee will make all such payments, punctually and in the full amount due, in accordance with the terms of such Pending Contract and in compliance therewith.

1.5 If Transferor receives any payments under any Pending Contract, Transferor shall pay over to Transferee the amount received, immediately upon receipt thereof and in the same form as received by Transferor.

2. PENDING PERMITS. From and after the Closing and in compliance with and to the extent permitted by all applicable Laws, with respect to each Pending Permit, pending the completion of the transfer of such Pending Permit to Transferee in accordance with the terms of the Transfer Agreement or pending the issuance of a replacement Permit in the name of Transferee, Transferor and Transferee agree to take and shall be deemed to have taken such actions (including execution of documents), at Transferee's expense, as may be requested by Transferee or which may be appropriate, in order to place Transferee insofar as is reasonably practicable, in the same position as if the Pending Permit had been transferred to Transferee or issued in the name of Transferee, and so that all the benefits and burdens relating thereto shall inure to Transferee, and Transferee agrees to assume and comply with all of the terms and conditions of such Pending Permits. Without limiting the generality of the foregoing, and in compliance with and to the extent permitted by all applicable Laws, Transferor shall continue to be responsible to the Governmental and Regulatory Authorities as the permittee under the relevant Permits and the Transferee agrees to conduct the day-to-day activities and operations of

the Transferred Assets on behalf of the Transferor until the Pending Permits have been transferred to Transferee or replacement Permits have been issued in the name of Transferee. Until such time, the parties intend that Transferee's conduct of day-to-day activities not trigger "operator" status under any applicable Environmental Law, the Transferor shall remain subject to the obligations and responsibilities associated with the Permits, and Transferee shall conduct the day-to-day activities on behalf of the Transferor in compliance with Environmental Laws.

3. REGULATORY AND OTHER APPROVALS. Transferor and Transferee agree to comply with Sections 5.1 and 6.1 of the Transfer Agreement until all Pending Contracts and all Pending Permits have been transferred to Transferee or replacements have been issued in the name of Transferee.

4. MISCELLANEOUS.

4.1 Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, and all of which shall constitute one and the same instrument.

4.2 Entire Agreement. This Agreement supersedes all prior discussions and agreements between the parties with respect to the subject matter hereof, and this Agreement contains the sole and entire agreement among the parties with respect to the matters covered hereby. This Agreement shall not be altered or amended except by an instrument in writing signed by or on behalf of the party entitled to the benefit of the provision against whom enforcement is sought.

4.3 Governing Law. The validity and effect of this Agreement shall be governed by and construed and enforced in accordance with the internal laws of the State of New York, without regard to principle of conflicts of law.

4.4 Successors and Assigns. This Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective heirs, executors, legal representatives, successors and assigns.

4.5 Partial Invalidity and Severability. All rights and restrictions contained herein may be exercised and shall be applicable and binding only to the extent that they do not violate any applicable laws and are intended to be limited to the extent necessary to render this Agreement legal, valid and enforceable. If any term of this Agreement, or part thereof, not essential to the commercial purpose of this Agreement shall be held to be illegal, invalid or unenforceable by a court of competent jurisdiction, it is the intention of the parties that the remaining terms hereof, or part thereof shall constitute their agreement with respect to the subject matter hereof and all such remaining terms, or parts thereof, shall remain in full force and effect. To the extent legally permissible, any illegal, invalid or unenforceable provision of this Agreement shall be replaced by a valid provision which will implement the commercial purpose of the illegal, invalid or unenforceable provision.

Exhibit C-3

4.6 Waiver. Any term or condition of this Agreement may be waived at any time by the party which is entitled to the benefit thereof, but only if such waiver is evidenced by a writing signed by such party. No failure on the part of any party hereto to exercise, and no delay in exercising any right, power or remedy created hereunder, shall operate as a waiver thereof, nor shall any single or partial exercise of any right, power or remedy by any such party preclude any other or further exercise thereof or the exercise of any other right, power or remedy. No waiver by any party hereto to any breach of or default in any term or condition of this Agreement shall constitute a waiver of or assent to any succeeding breach of or default in the same or any other term or condition hereof.

4.7 Headings. The headings of particular provisions of this Agreement are inserted for convenience only and shall not be construed as a part of this Agreement or serve as a limitation or expansion on the scope of any term or provision of this Agreement.

4.8 Number and Gender. Where the context requires, the use of the singular form herein shall include the plural, the use of the plural shall include the singular, and the use of any gender shall include any and all genders.

4.9 Time of Performance. Time is of the essence in this performance of this Agreement.

4.10 No Third Party Beneficiary. The terms and provisions of this Agreement are intended solely for the benefit of each party hereto and their respective successors or permitted assigns, and it is not the intention of the parties to confer third-party beneficiary rights upon any other Person.

THIS MAINTENANCE AND OPERATING COSTS SUPPORT AGREEMENT (this "Agreement") is made as the 15th day of November, 2002, between NORTHWESTERN CORPORATION, a Delaware corporation ("Parent"), and NORTHWESTERN ENERGY, L.L.C., a Montana limited liability company ("Subsidiary").

WHEREAS, on January 31, 2002, the Montana Public Service Commission issued its Order No. 6353c in Docket No. D 2001.1.5 pursuant to which, among other things, it approved the acquisition by Parent of the utility business of The Montana Power Company (the predecessor in interest to Subsidiary) and the continued operation of such business "as a subsidiary or division" of Parent;

WHEREAS, on February 15, 2002, Parent acquired and continues to own 100% of the membership interests of Subsidiary;

WHEREAS, pursuant to the Asset and Stock Transfer Agreement, dated as of November 15, 2002 (the "Transfer Agreement"), between Parent and Subsidiary, the parties propose to consummate a restructuring transaction involving the assignment by Subsidiary to Parent and the assumption by Parent of substantially all of Subsidiary's assets and liabilities (the "Transaction");

WHEREAS, certain assets of Subsidiary will not be transferred to Parent pursuant to the Transaction, including the hydroelectric generating facility known as the Milltown Dam Assets and associated physical structures more particularly described on Schedule 1 hereto (the "Milltown Dam Assets");

WHEREAS, Parent and Subsidiary have entered into a Unit Power Purchase Agreement, dated as of September 20, 2002 (the "Power Purchase Agreement"), providing for the sale by Subsidiary to Parent of the power and energy produced by the Milltown Dam Assets, effective upon consummation of the Transaction, and such agreement was accepted for filing by order of the Federal Energy Regulatory Commission pursuant to Section 205 of the Federal Power Act;

WHEREAS, it is the desire of Parent and Subsidiary that they enter into this Agreement providing for Parent to make available to Subsidiary funds necessary to ensure that Subsidiary will be able to make payment on any of Subsidiary's trade accounts arising in the ordinary course of business and other costs and expenses, all as relating to or arising in connection with the operation and maintenance of the Milltown Dam Assets subsequent to the consummation of the Transaction, taking into account payments due and to become due from Parent under the Power Purchase Agreement.

NOW, THEREFORE, Subsidiary and Parent agree as follows:

Exhibit D-1

1. Support Obligation. If Subsidiary at any time is unable, after taking into account payments due and to become due from Parent under the Power Purchase Agreement, to make payment on any of its trade accounts arising in the ordinary course of business or to pay any other costs and expenses (other than Environmental Liabilities, as defined in the Transfer Agreement), in each case relating to or arising in connection with the operation and maintenance of the Milltown Dam Assets ("Milltown Operating Expenses"), then Subsidiary will promptly notify Parent of the shortfall and Parent will make available to Subsidiary, before the due date of any such Milltown Operating Expenses, funds sufficient to enable it to pay any such Milltown Operating Expenses in full as they fall due. Subsidiary will use the funds made available to it by Parent solely for the payment when due of such Milltown Operating Expenses. It is understood and agreed that Milltown Operating Expenses shall include any and all amounts payable by Subsidiary to Parent under the Employee Secondment and Administrative Services Agreement of even date between Parent and Subsidiary pursuant to which Parent has agreed to second certain employees to Subsidiary in connection with operating the Milltown Dam Assets.

2. Waiver. Parent hereby waives any failure or delay on the part of the Subsidiary in asserting or enforcing any of its rights or in making any claims or demands hereunder.

3. Not a Guarantee. This Agreement is not, and nothing herein contained and nothing done pursuant hereto by Parent shall be deemed to constitute, a guarantee, direct or indirect, by Parent of any debt, liability or obligation arising out of a borrowing of money or a trade payable, or any other debt, liability or obligation, of any kind or character whatsoever, of Subsidiary.

4. Modification and Amendment. This Agreement may be modified or amended only by the written agreement of Parent and Subsidiary; provided, however, that no such modification or amendment shall have a material adverse effect upon the ability of Subsidiary to meet any of its payment obligations described in Section 1 above.

5. Termination. This Agreement and the obligations of Parent hereunder shall terminate upon the expiration or earlier termination of the Power Purchase Agreement in accordance with its terms.

6. Bankruptcy, Liquidation or Moratorium. Any rights and obligations which either of the parties has under this Agreement will remain valid and binding notwithstanding any bankruptcy, insolvency or liquidation of, or moratorium involving, Subsidiary.

7. Successors and Assigns. The agreements herein set forth shall be mutually binding upon, and inure to the mutual benefit of, Parent and Subsidiary and their respective successors. Neither this Agreement nor the rights or duties of any party hereto may be assigned without the prior written consent of the other party hereto.

ENVIRONMENTAL LIABILITIES SUPPORT AGREEMENT

THIS ENVIRONMENTAL LIABILITIES SUPPORT AGREEMENT (this "Agreement") is made as the 15th day of November, 2002, between NORTHWESTERN CORPORATION, a Delaware corporation ("Parent"), and NORTHWESTERN ENERGY, L.L.C., a Montana limited liability company ("Subsidiary").

WHEREAS, on January 31, 2002, the Montana Public Service Commission issued its Order No. 6353c in Docket No. D 2001.1.5 pursuant to which, among other things, it approved the acquisition by Parent of the utility business of The Montana Power Company (the predecessor in interest to Subsidiary) and the continued operation of such business "as a subsidiary or division" of Parent;

WHEREAS, on February 15, 2002, Parent acquired, and continues to own 100% of the membership interests of Subsidiary;

WHEREAS, pursuant to the Asset and Stock Transfer Agreement, dated as of November 15, 2002 (the "Transfer Agreement"), between Parent and Subsidiary, the parties propose to consummate a restructuring transaction involving the assignment by Subsidiary to Parent and the assumption by Parent of substantially all of Subsidiary's assets and liabilities (the "Transaction");

WHEREAS, certain Excluded Liabilities (as such term is defined in the Transfer Agreement) of Subsidiary will not be transferred to or assumed by Parent pursuant to the Transaction;

WHEREAS, the Excluded Liabilities include all Environmental Liabilities, as such term is defined in Schedule 2 hereto, relating to the Excluded Assets described on Schedule 1 hereto (the "Environmental Liabilities"); and

WHEREAS, it is the desire of Parent and Subsidiary that they enter into this agreement providing for Parent, subject to the maximum amount set forth in this Agreement, to make available to Subsidiary funds necessary to ensure that Subsidiary will be able to make payment for all of its Environmental Liabilities subsequent to the consummation of the Transaction.

NOW, THEREFORE, Subsidiary and Parent agree as follows:

1. Maintenance of Net Worth. Parent agrees that it shall cause Subsidiary to have at all times a net worth, as determined in accordance with generally accepted accounting principles in the United States of America, of at least US\$1,000.

Exhibit E-1

If Subsidiary at any time runs short of cash and other liquid assets to meet any obligation to make payments in respect of its Environmental Liabilities, then Subsidiary will promptly notify Parent of the shortfall and Parent will make available to Subsidiary, within a commercially reasonable period, funds sufficient to enable it to fulfill any such payment obligation. Subsidiary will use the funds made available to it by Parent solely for the payment of its Environmental Liabilities. In the event Parent funds any Environmental Liabilities as contemplated hereby and Subsidiary subsequently receives insurance proceeds with respect to such Environmental Liabilities, Subsidiary shall promptly pay to Parent an amount equal to the amount of such insurance proceeds, but Parent's remaining liability hereunder shall not be increased by the amount of such payment by Subsidiary. In the event Parent funds any Environmental Liabilities as contemplated hereby and Parent subsequently recovers an indemnity payment from Touch America Holdings Inc. ("Touch America") pursuant to the provisions of Section 10.04 (special environmental indemnification) of the UPA, as defined in the Transfer Agreement (the "UPA"), in respect of such Environmental Liabilities in whole or in part, then subject to Section 2 hereof Parent will be entitled to retain the whole amount of such indemnity payment and Parent's remaining liability hereunder shall not be increased by all or any portion of the amount retained. Parent agrees to use commercially reasonable efforts to claim for indemnification under Section 10.04 of the UPA all Environmental Liabilities incurred by Subsidiary.

2. Maximum Liability of Parent. The total liability of Parent under Section 1 of this Agreement shall at no time exceed a maximum cumulative amount of Fifteen Million Dollars (US\$10,000,000). In the event Parent recovers an indemnity payment from Touch America pursuant to the provisions of Section 10.04 of the UPA, then Parent shall (i) allocate to Subsidiary a pro rata share of such indemnity payment based on the ratio that the amount Parent claimed against Touch America under such Section 10.04 in respect of the Environmental Liabilities hereunder bears to the total amount Parent claimed under such Section 10.04 and (ii) pay over to Subsidiary an amount equal to the positive amount remaining, if any, equal to (x) the amount of such pro rata share minus (y) the total amount of the Environmental Liabilities theretofore funded by Parent hereunder.

3. Waiver. Parent hereby waives any failure or delay on the part of Subsidiary in asserting or enforcing any of its rights or in making any claims or demands hereunder.

4. Not a Guarantee. This Agreement is not, and nothing herein contained and nothing done pursuant hereto by Parent shall be deemed to constitute, a guarantee, direct or indirect, by Parent of Environmental Liabilities or any debt, liability or obligation arising out of a borrowing of money or a trade payable, or any other debt, liability or obligation, of any kind or character whatsoever, of Subsidiary.

5. Modification and Amendment. This Agreement may be modified or amended only by the written agreement of Parent and Subsidiary, provided, however, that no such modification or amendment shall have any material adverse effect upon the ability of Subsidiary to meet its obligations in respect to the Environmental Liabilities without the prior written consent of the Director, Montana office, EPA Region 8, or any superior to such Director within the EPA.

6. Termination. This Agreement and the obligations of Parent hereunder shall terminate on the earlier of (i) payment in full of all amounts payable by Subsidiary in respect the Environmental Liabilities pursuant to settlement approved or consented to by the Director, Montana office, EPA Region 8, or any superior to such Director within the EPA and (ii) payments by Parent to Subsidiary hereunder of funds in an aggregate amount equal to the maximum cumulative amount specified in Section 2 hereof.

7. Bankruptcy, Liquidation or Moratorium. Any rights and obligations which either of the parties has under this Agreement will remain valid and binding notwithstanding any bankruptcy, insolvency or liquidation of, or moratorium involving, Subsidiary.

8. Successors and Assigns. The agreements herein set forth shall be mutually binding upon, and inure to the mutual benefit of, Parent and Subsidiary and their respective successors. Neither this Agreement nor the rights or duties of any party hereto may be assigned without the prior written consent of the other party hereto.

9. Governing Law. This Agreement shall be governed by the internal laws of the State of New York, determined without reference to principles of conflicts of laws.

NORTHWESTERN CORPORATION COMPLETES REORGANIZATION
OF MONTANA UTILITY OPERATIONS

SIOUX FALLS, S.D. - Nov. 20, 2002 - NorthWestern Corporation (NYSE:NOR) today announced that it has completed its previously announced plan to restructure its Montana utility operations as a division of NorthWestern Corporation. The restructuring involved the intra-company transfer of substantially all of the assets and liabilities of NorthWestern Energy, L.L.C. to NorthWestern Corporation. NorthWestern Energy, L.L.C. had substantially been comprised of the former Montana Power Company transmission and distribution business acquired by NorthWestern in February 2002.

"This action completes our previously announced plan to hold our regulated utility operations at the parent level as operating divisions of NorthWestern Corporation in what is known as a 'flat structure'," said Eric Jacobsen, NorthWestern senior vice president and general counsel. "Our Montana utility operations will be conducted by the NorthWestern Energy division of NorthWestern Corporation and its operations and customers will not be affected by the structural change."
